of Engineering the Future

Sponsored by IEEE Computational Intelligence Society (IEEE CIS)

Co-sponsored by the Evolutionary Programing Society (EPS) and the Institution of Engineering and Technology (IET)

Committee

General Chair Andy Tyrrell

Program Chair Pauline Haddow

Special sessions Jon Timmis

**Tutorial Chair** Steve Smith

**Technical Chairs** Carlos Coello Coello Garry Greenwood Emma Hart Jong-Hwan Kim Ali M.S. Zalzala Chrystopher Nehaniv Gianluca Tempesti

**Finance Chairs** David Halliday Kay Chen Tan

Local Chairs Morten Hartmann Cristina Costa Santini

**Publicity Chair** Andy Greensted

Poster Session Chair Gunnar Tufte

**Competitions Chair** Simon Lucas

Plenary Sessions Chair Andy Tyrrell

**CEC 2009** 

CALL FOR PAPERS

the area of evolutionary computation. It covers all topics in evolutionary computation, including,

- Ant colony optimization
- Artificial life
- **Bioinformatics & bioengineering**
- Coevolution & collective behavior
- Combinatorial & numerical optimization
- Constraint & uncertainty handling
- Evolutionary data mining
- Evolutionary games Evolutionary learning systems
- Evolvable hardware & software
- Evolving neural networks & fuzzy systems

Molecular & quantum computing

utational

- Particle swarm intelligence
- **Representation & operators**
- Artificial immune systems
- Autonomous mental & behavior development
- Cognitive systems & applications
- Computational finance & economics
- Estimation of distribution algorithms
- **Evolutionary design**
- Evolutionary intelligent agents

CEC 2009 will feature a world-class conference that aims to bring together researchers and practitioners in the field of evolutionary computation and computational intelligence from all around the globe. Technical exchanges within the research community will encompass keynote speeches, special sessions, tutorials and workshops, panel discussions as well as poster presentations. On top of these, participants will be treated to a series of social functions, receptions and networking sessions, which will serve as a vital channel to establish new connections and foster everlasting friendship among fellow counterparts.

## **Call for Contributed Papers**

Prospective authors are invited to contribute high-quality papers to CEC2009. All papers are to be submitted electronically through the Congress website. For general inquiries, please contact General Chair Andy Tyrrell at amt@ohm.york.ac.uk. For program inquiries, contact Program Chair Pauline Haddow at Pauline.Haddow@idi.ntnu.no.

## **Call for Special Sessions**

CEC 2009 Program Committee solicits proposals for special sessions within the technical scopes of the congress. Special sessions, to be organised by internationally recognised experts, aim to bring together researchers in special focused topics. Papers submitted for special sessions are to be peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organising special sessions are invited to submit formal proposals to the Special Session Chair Jon Timmis at jt517@ohm.york.ac.uk. A special session proposal should include the session title, a brief description of the scope and motivation, names, contact information and brief CV of the organisers.

## **Call for Tutorials**

CEC 2009 will also feature pre-congress tutorials covering fundamental and advanced computational intelligence topics. A tutorial proposal should include title, outline, expected enrolment and presenter biography. Tutorials are expected to run for 2 hours each. Researchers interested in organising tutorials are invited to submit formal proposals to the Tutorial Chair Stephen Smith

Important dates Special Session proposals September 1, 2008 14th Nov November 1, 2008 Paper submissions Tutorial proposals December 1, 2008 Notification of acceptance 6th Feb January 16, 2009 Final paper submission 27th Feb Eebruary 16, 2009

## The organising committee encourages women to submit to CEC09 and to participate in the conference. To find out about WCI please look at
